# About Us

○ My Bag produces ethically and environmentally conscious leather bags. We want to make a positive difference in the world by connecting producers in small communities to the global market and creating fair jobs. All of our producers are based in India. We are proud that our core beliefs and values translate into beautiful, handcrafted leather products that are used and loved globally.

850

fair jobs provided by  
our producers in India

7630

positively impacted lives  
through our ethical supply  
chain and social projects

889

bags given a second life  
through our Pre-Loved  
program

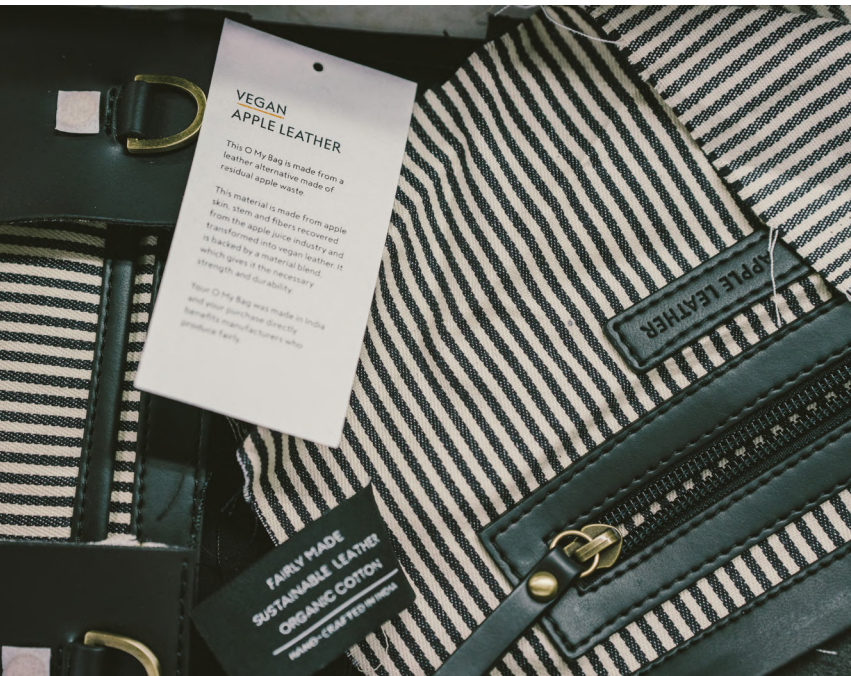

100%

of our emissions  
are compensated

# Our Leathers

Our bags are made from vegetable tanned leathers, without the use of harmful chemicals like chromium. An O My Bag will age beautifully, deepening in color and softening over time.

Photography: Mark Manzi

## APPLE LEATHER

Some of our signature items are also produced using apple leather; a vegan leather alternative made from AppleSkin™. This is a bio-based material created from the waste of fruit juice and the apple sauce industry. Apple leather is backed by a material blend for durability. It has a high-quality look and feel, and becomes slightly darker with age, developing a light patina, just like our real leathers.

## SUSTAINABLE MATERIALS

Our bags are made from chrome free or vegetable tanned leathers that will last a lifetime. Our dust bags, webbing straps, canvas collection and cotton tote bags are made of GOTS certified cotton. Our signature striped lining is made of a blend of 30% recycled cotton and 70% virgin organic cotton and is also Organic Content Standard (OCS) and Global Recycle Standard (GRS) certified.

Photography: Shivam Pandey

## GIVING BACK

Every year, O My Bag donates 1% of the annual revenue to local projects in India focusing on women empowerment and education. This way, we ensure that our success is measured through positively impacted lives as much as through creating and selling beautiful products.

Photography: Freeset Global

Photography: Shivam Pandey

## ETHICAL SUPPLY CHAIN

Our buying principles ensure a safe work environment and fair wages for all artisans working on our bags. We promote equal opportunities for women working in our partner factories. We are implementing a large project to provide a living wage for all workers.
